

The administration of the MCH Block Grant is under the direction of the Director of the Division of Community Health within the Missouri Department of Health and Senior Services. The Title V program supports needs assessment and activities designed to improve the health status of women, particularly mothers and women of reproductive age, and infants and children, including children with special health care needs. Funds are directed to supporting essential Maternal and Child Health services and prevention programs. Services under Title V administrative control include Missouri School-Age Children's Health Services Program, injury prevention activities, and the Adult Head Injury Services program. Numerous other programs and services funded through the MCH Block Grant, general revenue, and other funds are under the Title V Director's control and include Medicaid case management services, Elks Mobile Dental Unit, and others.
